

2021 ISOPES Symposium

Date : June 11th-12th, 2021
 Venue : Intercontinental Seoul COEX

INVITATION

안녕하세요.

국제종양성형내분비외과학회 (ISOPES) 회장 김지수입니다.

국제종양성형내분비외과학회는 2021년 6월 11-12일

ISOPES 국제 심포지엄을 인터컨티넨탈 서울 코엑스 호텔에서 개최할 예정입니다.

전세계 총 12개국의 최고 전문가들이 연자로 참여하는 이번 국제 심포지엄은 갑상선, 부갑상선과 부신 전반에 대한 최신 지견을 중심으로 프로그램을 준비하였습니다.

총 7개의 세션으로 구성된 이번 심포지엄은, 내분비외과를 전공하는 젊은 의사에게 유익한 강의가 될 것이며 경험이 풍부한 전문의에게 최신 정보를 접할 수 있는 좋은 프로그램이 될 것으로 확신합니다.

이번 국제 심포지엄은 무료이며, 아래 링크를 통해서 사전 등록을 하실 것을 안내 드립니다.

관심있는 선생님들에게 좋은 교육이 될 것으로 기대하며,

모두에게 유익한 시간이 될 수 있기를 바랍니다.

감사합니다.

2021년 5월 4일

국제종양성형내분비외과학회 회장 김지수

PROGRAM

June 11th, Friday (DAY 1)

09:00-09:05 Opening remark **Jee Soo Kim**
 President, Sungkyunkwan University, Korea

Session 1: Global perspective of oncoplastic endocrine surgery

Chair **Kyoung Sik Park** Konkuk University, Korea / **Su-jin Kim** Seoul National University, Korea

09:05 - 09:20 **The status of minimally invasive surgery in Taiwan** **Jui-Yu Chen**
 Taipei Veterans General Hospital, Taipei, Taiwan

09:20 - 09:35 **The status of minimally invasive surgery in Georgia** **Edisher Sikharulidze**
 Aversi Clinic, Tbilisi, Georgia

09:35 - 09:50 **The status of minimally invasive surgery in China** **Ping Wang**
 Zhejiang University, China

09:50 - 10:05 **The status of minimally invasive surgery in European Union** **Patrick Aidan**
 ORL-Chirurgie Robotique Professeur au Collège de Médecine de Paris, France

10:05 - 10:20 *Coffee Break*

Session 2: Procedures, tips, and tricks

Chair **Jun-Ho Choe** Sungkyunkwan University, Korea / **Young Jun Chai** Seoul National University, Korea

10:20 - 10:40 **Thyroid: BABA** **Hyeong Won Yu**
 Seoul National University, Korea

10:40 - 11:00 **Thyroid: Transaxillary approach** **Putthiporn Yenbutra**
 Rajavithi Hospital Rangsit University, Thailand

11:00 - 11:20 **Thyroid: Transoral approach** **Angkoon Anuwong**
 Police General Hospital, Thailand

11:20 - 11:40 **Adrenal: Lateral transperitoneal approach** **Quan-Yang Duh**
 University of California, San Francisco, USA

11:40 - 12:00 **Adrenal: Posterior retroperitoneoscopic approach** **Marcin Barczynski**
 Jagiellonian University, Poland

12:00 - 13:00 *Lunch*

Plenary Lecture

Chair **Jee Soo Kim** President, Sungkyunkwan University, Korea

13:00 - 13:40 **Minimally invasive Endocrine Surgery: My journey and lessons learnt** **Amit Agarwal**
 Sanjay Gandhi Post Graduate Institute of Medical Sciences, India

Session 3: Outcomes and evidence updates of various approaches

Chair **Kyung Ho Kang** Ewha Womans University, Korea / **Ra-Yeong Song** Chung-Ang University Hospital, Korea

13:40 - 14:00 **Thyroid: BABA** **Enrique Mercader**
 Gregorio Marañon General University Hospital, Spain

14:00 - 14:20 **Thyroid: Transaxillary approach** **Sohee Lee**
 The Catholic University, Korea

14:20 - 14:40 **Thyroid: Transoral approach** **Jun Ho Lee**
 Sungkyunkwan University, Korea

14:40 - 15:00 **Radiofrequency ablation for adrenal disease** **Shirley Liu**
 The Chinese university of Hong Kong, Hong Kong

15:00 - 15:15 *Coffee Break*

Session 4: Advanced Oncoplastic surgery

Chair **Won Seo Park** Kyung Hee University, Korea / **Sang-Wook Kang** Yonsei University, Korea

15:15 - 15:35 **BABA MRND** **Hyunsuk Suh**
 The Suh Scarless Thyroid Surgery Center, USA

15:35 - 15:55 **Transaxillary approach MRND** **Cho Rok Lee**
 Yonsei University, Korea

15:55 - 16:15 **Hybrid transoral thyroidectomy: submental approach** **Insoo Suh**
 NYU Langone Health, NY, USA

16:15 - 16:35 **Robotic single port thyroid surgery** **Jason YK Chan**
 The Chinese university of Hong Kong, Hong Kong

16:35 - 16:55 **Single port adrenal surgery** **Ji-sup Youn**
 Sungkyunkwan University, Korea

16:55 - 17:00 **Closing remark**

June 12th, Saturday (DAY 2)

Session 5: Unedited videos

Chair **Kyu Eun Lee** Seoul National University / **Ja Seong Bae** The Catholic University

09:00 - 10:00 **Thyroid: BABA** **June Young Choi** Seoul National University, Korea

10:00 - 11:00 **Thyroid: Transaxillary approach** **Tae-yon Sung**
 Ulsan University, Korea

11:00 - 12:00 **Thyroid: Transoral approach** **Seok-Mo Kim**
 Yonsei University, Korea

12:00 - 12:10 **General Assembly**

12:10 - 12:50 *Lunch*

Presidential Lecture

Chair **Ki Wook Chung** Ulsan University, Korea

12:50 - 13:30 **Sharing Ideas in Oncoplastic Thyroid Surgery** **Jee Soo Kim**
 President, Sungkyunkwan University, Korea

13:30 - 13:40 *Coffee Break*

Session 6: New trends in endocrine surgery

Chair **June Young Choi** Seoul National University, Korea / **Hoon Yub Kim** Korea University, Korea

13:40 - 14:00 **Active surveillance for papillary microcarcinoma** **Akira Miyauchi**
 Kuma Hospital, Japan

14:00 - 14:20 **New trends in intraoperative neuromonitoring** **Murat Özdemir**
 Ege University Hopital, Turkey

14:20 - 14:40 **Intraoperative parathyroid glands identification and viability assessment** **Wan Wook Kim**
 Kyungpook National University

14:40 - 15:00 **Transoral parathyroid surgery** **Raymon Grogan**
 Baylor College of Medicine, USA

15:00 - 15:15 *Coffee Break*

Session 7: Various approaches for adrenal gland

Chair **Jung Han Kim** Sungkyunkwan University, Korea / **Hyungju Kwon** Ewha Womans University, Korea

15:15 - 15:35 **Which is better? LTA vs PRA** **Young Jun Chai**
 Seoul National University, Korea

15:35 - 15:55 **Various types of adrenal surgery and how to choose one** **Tobias Carling**
 Carling Adrenal Center, USA

15:55 - 16:15 **Management of bilateral pheochromocytoma in MEN2A syndrome** **Matrix Fung**
 The University of Hong Kong, Hong Kong

16:15 - 16:35 **Which is better laparoscopic vs robotic adrenalectomy** **Yu-Mi Lee**
 Ulsan University, Korea

16:35 - 16:55 **Retroperitoneal approach for paraganglioma** **Sang-Wook Kang**
 Yonsei University, Korea

16:55 - 17:00 **Closing remark** **Jee Soo Kim**
 President, Sungkyunkwan University, Korea
